TABLE DESIGN

Name : Role

Primary Key: rid

Table Description: Roles User

Field	Type	Constraints	Description
rid	Int	Primary Key	Role ID
rname	Varchar	Not null	User Role

Name : Login

Primary Key: lid

Table Description: Login details of Registered User

Field	Type	Constraints	Description
lid	Int	Primary Key	Login ID
Uid	Int	Not null	User ID
Pwd	Varchar	Not null	User Password
rid	int	Foreign Key	Role of the User

Name :tbl_reg

Primary Key: uid

Table Description: Table stores the registration details

Field	Type	Constraints	Description
uid	int	Primary key	User id
uname	varchar	Not null	User name
uadr	varchar	Not null	User address
umail	email	Not null	User email

uphone	int	Not null	Phone number
gender	varchar	Not null	Gender
did	int	Foreign key	District id
rid	int	Foreign key	Role id

Name : tblstate

PK: sid

Descriptin: Admin adds different states here

Fields	Type	Constraints	Description
sid	int	Primary key	Category id
sname	varchar	Not null	State name
stype	varchar	Not null	State type

Name : tblDIST

PK: did

Descriptin: Admin adds different District here

Fields	Type	Constraints	Description
did	int	Primary key	Category id
dname	varchar	Not null	District name
dtype	varchar	Not null	District type

Name : tllcategory

PK: cid

Descriptin: Admin adds different categories here

Fields	Type	Constraints	Description
c_id	int	Primary key	Category id
c_name	varchar	Not null	Category name
c_type	varchar	Not null	Category type

Name: Work upload

PK: wid

FK: Cid, uid

Description: Latest projects are added to this table

Field	Type	Constraints	Description
w_id	int	Primary key	work id
u_id	int	Foreign key	User id
c_id	int	Foreign key	Category id
w_desc	varchar	Not null	Description of work
image	varchar	Not null	Picture of work

Name : Enquiry table

PK: e_id

Table shows the enquiries and replies

Field	Type	Constraints	Description
e_id	int	Primary key	Enquiry id
u_id	int	Not null	User id
enquiry/feedback	varchar	Not null	Enquiry/feedback
reply	varchar	Not null	reply

Name : Offer table

PK: oid

Table shows the enquiries and replies

Field	Type	Constraints	Description
oid	int	Primary key	Enquiry id
u_id	int	Not null	User id

Rate	varchar	Not null	Offer Rate
descr	varchar	Not null	Description

Name :Appointment

PK: a_id

Appointment registration

Field	Type	Constraints	Description
a_id	int	Primary key	Appointment id
u_id	int	Foreign key	User id
a_time	varchar	Not null	Time
desc	varchar	Not null	description
date	date	Not null	Date of appointme
status	varchar	Not null	Status of appointme

Name : tllchat

PK: cid

Descriptin: Chat Table

Fields	Type	Constraints	Description
chid	int	Primary key	Category id
uid	int	Foreign Key	Category ID
message	varchar	Not null	Message
cdatetime	timestamp	Not Null	date

Name : tbl_design

PK: did

Descriptin: Design Table

Fields	Type	Constraints	Description
did	int	Primary key	Category id
File	file	Not null	File
Desc	varchar	Not null	Description
uid	int	Foreign Key	User ID

Name : tbl_plan

PK: plid

Descriptin: Plan upload Table

Fields	Type	Constraints	Description
pid	int	Primary key	Category id
File	file	Not null	File
Desc	varchar	Not null	Description
uid	int	Foreign Key	User ID

Name: Payment

PK: pmt_id

Payment details

Field	Type	Constraints	Description
pmt_id	int	Primary key	Payment
amount	varchar	Not null	Amount
Uid	varchar	Username	Card number
date	date	Not null	Payment date
time	int	Not null	Payment time
